Registration for New Pupils To Take Place On Sept. 5th

NEW TEACHERS HIRED Pupils Entering for First Time Must Show Birth Certificate

Warren P. Snyder, district superintendent of the Bristol Borough Public Schools, announces that registration for new pupils will take place on Wednesday morning, September 5, with the new school term for 1951-1952 officially opening for all pupils on Thursday morning, September 6.

Pupils entering kindergarten classes must present evidence of successful vaccination and a birth certificate showing that they will be five years of age on or before January 31, 1952. Kindergarten classes will be conducted at the Bath street school and at the Jefferson avenue school.

Pupils entering first grade must present evidence of successful vaccination and a birth certificate showing that they will be six years of age on or before January 31, 1952. First grade classes will be conducted in all public school buildings except the Washington street school.

All other pupils starting in the Bristol Borough Public Schools for the first time must show proper evidence of successful completion of the last grade and school attended. This shall be presented to the principal of the building where they will attend.

Automobile Club Warns Motorists

With most of the nation's 48,000,000 vehicles expected to be on the highways at some time during the three-day Labor Day holiday next week-end, Keystone Automobile Club yesterday warned all motorists to exercise extreme caution in order to avoid accident and injury.

Many avoidable accidents happen annually over this last long weekend of the summer, when many travelers and vacationers become careless and over anxious in their hurry to get somewhere so they can "make the most" of their time. It was pointed out by John Armstrong, Manager of the Doylestown Division of KAC. He said:

"We do not suggest that motorists poke along the highways at low speed, because that in itself creates congestion and causes drivers to take chances in passing slowing moving vehicles. Orderly driving within the maximum limit will keep the highways clear of congestion and facilitate the movement of what annually is the greatest holiday traffic volume.

"Main arteries of travel will not be adequate for the number of vehicles trying to use them next Monday night, so it will be the part of wisdom for motorists to acquaint themselves with alternate routes over secondary roads. Another point to remember is that the earlier the start the more opportunity for arriving safely and without undue strain.

"Under all conditions, motorists should not lose sight of the fact that they are a part of a great traffic movement and that individual desires must be subordinated to the common good. Horn blowing and other displays of temper will not help the situation."

PEACE TALKS

By Howard Handelman

Far Eastern Director, INS

TOKYO, Aug. 28 — (INS) — Communist chiefs demanded today that the United Nations admit responsibility for the alleged bombing of the Kaesong neutral zone as a condition for resumption of Korea cease-fire talks.

In a truculently worded note handed to a UN liaison officer this morning at the border of the neutral zone, the Reds called for a "re-investigation" of the so-called "bombing" of August 22nd.

This alleged attack which General Ridgway has called a "malicious falsehood" was the pretext the Reds used to break off the armistice parley last Thursday.

This morning's Red message which was first broadcast by the Peiping radio was an answer to a statement Saturday by General Ridgway in which he rejected the Red charges as "insidious" propaganda.

The Red commanders, General Kim Il Sung of North Korea and Peng Teh-Huai of the so-called Chinese volunteers, charged Ridgway with "manufacturing incidents and undermining the negotiations."

In speaking of the alleged bombing of Kaesong, the Reds left the way open for resumption of the truce talks but with the condition that Ridgway back down on his charges.

The Communist note said:

WORLD NEWS IN BRIEF

If the Russians really want peace the "place to show it is in Kaesong" and "we are watching what they do more than what they say," Warren R. Austin told the convention of Veterans of Foreign Wars in New York City.

The Soviet delegation to the Japanese peace treaty conference arrived headed by Deputy Foreign Minister Gromyko, who said the Russians would submit their "own proposals" at San Francisco next week. India's refusal to sign the pact after having received United States wheat was attacked by Senators during debate in which Republicans sought to compel the Administration to cut off all aid from friendly nations shipping any war potential to Communist areas. India's Parliament cheered Prime Minister Nehru's explanation of India's refusal to attend the San Francisco conference.

No amount of military and economic aid can effectively protect Western Europe from Communist aggression unless accompanied by political federation and economic integration, the National Planning Association said in a committee report.

The Senate committee working on a new tax bill tentatively agreed on a formula to raise corporate taxes about \$760,000,000 less than approved by the House.

Industrial production in July was the lowest in ten months, largely because of declining consumer demand, the Federal Reserve Board reported.

President Truman turned over the nation-wide strike of copper and nonferrous metal workers to the Wage Stabilization Board and urged the men to return to work because of the "very serious impact on the defense program." Union officials said 58,000 workers were out in twenty-five states, halting 95 per cent of copper, lead and zinc production.

An Italian court issued warrants for the arrest of Aldo Icardi and Carl G. LoDolce in the death of Major Holoahan while on an O. S. S. mission in 1944. Requests to extradite the two former United States service men are expected.

GIRL SCOUTS OUTING
CROYDON, Aug. 28 — Mrs. William Tomlinson and Mrs. Edward Potterson, scout leaders and several girls of Troop No. 7, Girl Scouts of America, enjoyed an outing at Holiday Lake, N. J., on Thursday night. A picnic supper and swimming were enjoyed. Those girls making the trip were: Betty Clark, Mary Tier, Louise Gneiting, Teresa Heisler, Barbara Tomlinson, Mary Carlin. Troop No. 7 will observe a vacation from meetings until September 11.

THE WAR

U. S. EIGHTH ARMY HEADQUARTERS, Korea — Heavy Communist attacks along the east central Korean front Monday kept pressure on United Nations troops and drove the Allied forces back nearly two miles at one point. Bitter fighting and increased artillery fire by both sides continued in the sector for the second straight day.

Brownie Troop Members Enjoy "Doggie" Roast

CROYDON, Aug. 28 — A "doggie" roast was held at the home of assistant leader Mrs. Raymond Marshall, Rosa Avenue, on Saturday, August 25, for Brownie Troop No. 61.

The girls also enjoyed roasting marshmallows. Soda and potato chips were also served. Games were played and prizes awarded the winners.

Those attending were: Kathleen Childs, Bernice Finley, Joanne Gindhart, Joan Hamilton, Barbara Holl, Barbara Kitson, Catherine Kitson, Joyce and Dianina Kentzler, Jeannette Kuhn, Margaret Anne Litz, Doris Peters, Dorothy and Roberta Pitman, Carol Anne Reck, Ruth Sheard, Lillian Snyder, Margaret Snyder, Mascot, "Judy" Taylor, Leader, Mrs. Ernest Hamilton; Assistant Leaders, Mrs. Howard C. Taylor, Mrs. William Snyder and Mrs. Raymond Marshall.

COMMUNISTS TO CONTINUE ACTIVITIES

Will Try to Divert Support Of Legitimate Organizations, Is Belief

WILL USE SUBTERFUGE

The Communist "line" — its propaganda — twists and turns to meet any and all circumstances. It appears in many places and under many guises to fool as many people, all of the time, as it can.

Communist conspirators in the United States, during recent times, have been under relentless attack by the Government. Many have been brought to trial and jailed. Others are being rounded up. Americans are increasingly alert to the Communist danger.

Under those circumstances, what is the Red "line" today, how does it seek to disguise itself? J. Edgar Hoover, chief of the Federal Bureau of Investigation, knows the answers from his personal and constant struggle against Communist subversion. In the following article, the second of two for International News Service except the Red "line," Mr. Hoover warns of what to expect from Communism's operations in the months ahead.

BUCKS MAN HELD ON GAMBLING CHARGE

Carl F. Schnabel, West Rockhill Twp., Placed Under Bail

SLOT MACHINE CASE

QUAKERTOWN, Aug. 28 — Carl F. Schnabel, West Rockhill township, was held under \$500 bond for Grand Jury action on charges of "setting up, establishing and operating gambling devices," at a hearing before Magistrate Harry Wambold, West Rockhill.

Schnabel was taken into custody on August 9th, when State Police seized seven slot machines from a building on his Allentown road property.

John P. Schnabel and Katherine Schnabel, the defendant's parents, signed the bond.

Police of the Quakertown substation, acting on a tip, raided the Schnabel farm and confiscated the seven machines, which they turned over to the District Attorney.

Police for a penny game machine, the gambling devices were of the "one-arm" bandit type. One machine was for fifty-cent coins, one twenty-five cent, two ten-cent and two five-cent.

Pinocle Party Much Enjoyed; Lodge Sponsor

A number participated in the card party held in I. O. O. F. hall, last evening, by the Patriotic Order of Americans. Pinocle games were arranged.

High scorers were: Howard R. Johnson, 849; Mrs. A. Stewart, 785; Mrs. Pinchot, 782; Mrs. Marie Balaam, 772; John Truncer, 760.

Chairman was Mrs. Nelson Simon, Bristol township.

Army and Air Force Want Oboe Players

The U. S. Army and U. S. Air Force Recruiting Service announced today that openings in U. S. Air Force Bands are now available to interested and talented young men.

Musicians qualified on oboe, bassoon, clarinet, French horn or flute may be auditioned for enlistment in the Air Force as a bandsman by an Air Force band leader who will furnish the applicant a letter of certification and authorization for enlistment as an Air Force bandsman.

Qualified applicants who find it impracticable to receive an audition at an Air Force Base, where a band is stationed, may submit application, supported by recommendations certifying as to his qualifications, to the Chief of Bands, U. S. Air Force, Washington 25, D. C.

For further information, your local Recruiting Sergeant can be contacted at Pond & Mulberry Sts., Bristol, Pa. on any day of the week, 8:30 a. m. to 5 p. m.

CROWDED SCHOOLS FACE DISTRICTS IN LOWER BUCKS

More Pupils Will Be Put On Half Session, It Is Stated

NO RELIEF FOR YEAR

School Construction Far Behind Population Growth In the Areas

Substandard school housing, more overcrowded classrooms, and more pupils on half-sessions are a certainty for Bucks County next week when the largest enrollment of school children in its history will be going to school. Bucks County school authorities predict that half-sessions will be prevailing in several districts of the county for the next six years as the pace of school construction is still being outstripped by increases in enrollment. This is true particularly in Lower Bucks County.

The school housing situation is somewhat improved in Pennsbury, Lower Southampton and Warrington where new school buildings will be opened for the first time. However, both Lower Southampton and Warrington buildings are already overcrowded. In Warrington, the multi-purpose room and perhaps a small auxiliary room will

OLD-AGE INSURANCE PAYMENTS INCREASE

Show Boost of \$14,586,721 Or 140% A Month, It Is Reported

GIVES THE REASONS

Monthly Old-Age and Survivors Insurance payments now being paid to beneficiaries in Pennsylvania under the new 1950 Social Security program have increased \$14,586,721, a 140% increase over the \$6,098,584 paid before the amendments were enacted on August 28, 1950.

Joseph B. O'Connor, Regional Director of the Federal Security Agency, reported today in the first annual review of Social Security operations under the new legislation.

"There are two factors accounting for this increase," Mr. O'Connor stated. One is the automatic increase which was felt immediately after the amendments. Persons who were receiving the average

LATEST NEWS BULLETINS

Kills Molester of Daughter
Philadelphia — Reynolds Heals, 49-year-old truck driver, was arrested and slated for a hearing today in the death of a man he accused of molesting his nine-year-old daughter.

Detectives said Heals was aroused from a nap last night when his daughter, Joan, and two of her playmates began screaming outside his west Philadelphia apartment, and the girls told him a man had tried to kiss them.

Police said Heals struck a man, Daniel McLaughlin, Sr., 55, whom Joan identified as the molester. McLaughlin suffered fatal injuries, police said, when his head struck a metal grate at the curb.

Gabrielson Addresses Elks

Buffalo, N. Y. — GOP National Chairman Guy Gabrielson told the Elks convention today that Democrats do not want civil rights, and never deliver half their Senate votes for any important civil rights bill.

The GOP chieftain charged the Truman administration with failure to enforce the 1950 price control bill, with setting an example for "extravagant waste," and with attempting to hush disclosures of corruption.

Three Shot in Atlantic City Holdup

Atlantic City, N. J. — Three persons were shot, one critically, in an attempted holdup early today at the Wiltshire Hotel in Atlantic City and police seized two newly-hired bellhops of the hotel as the robbers.

Taken to a hospital were Louis Moskowitz, 64, owner of the hotel who was shot in the head, his wife, Mary, 59, wounded in the chest, and a relative of the Moskowitzes, Frank Moss, 35, who was shot in the left thigh.

Police said all three were shot by Harold Neeley, 24, and Ronald Jefferson, 23, of Boston.

Neeley was said to have been paroled from Eastern Penitentiary last March where he was serving three to six years for highway robbery. He escaped June 1 from Good Samaritan Hospital in Lebanon, Pa., after being arrested May 18 in a knife fight.

Long Illness Ends In Death for N. J. Farrell

MORRISVILLE, Aug. 28 — A long illness ended on Sunday for Nicholas J. Farrell, 70, who died at his home on Moreau street.

Born in Newtown, Mr. Farrell made his home here for 28 years. He was employed by Robertson Manufacturing Co.

ONE MAN'S OPINION

By Walter Kieran
(Distributed by International News Service)

My barber just had his son all straightened out on the difference between right and wrong when the kid started pulling appeals court decisions on him.

The kid says, "You convicted me of breaking a window with my baseball last week but with the legal brains available I have been able to establish through three architects that the window was in the wrong place anyway."

The barber says, "But you did break the window!"

The kid says, "Furthermore on advice of counsel I may sue for glass damage to the baseball and as I missed a turn at bat and was subject to humiliation thereby, I can toss a nice personal damage suit at you too!"

The barber says, "But you did break the window!"

The kid says, "Get hep Pop... It isn't the crime that counts today. It's the technical guidance and the great liberal democracy of our jurisprudence."

The barber says, "By your theory Benedict Arnold was wronged." The kid says "My lawyers are working on it and expect to recover full damages and possibly

CHILDREN LEARN MORE THAN THREE "R's" DURING SCHOOL

By Frances Vannoy
Home Economics Extension Rep.

Your child may be among the many Bucks county children entering school for the first time in September. This new world will be their workshop for many years. It will lead, guide, and mold them. Its standards will help to set their goals and build their values, their beacon lights in the life ahead.

In school your child will learn the three R's and also learn how to behave toward his classmates and teachers. He will learn ways of reacting to success and to failure.

Whether your child assumes an attitude toward learning which will be enthusiastic, interested, casual, bored, or defiant, depends to a large extent on the kind of guidance he receives from you and his teachers. Every experience, every new discovery is education.

Your child has learned much during the first six years of life, with his parents as teachers. He has many patterns of reacting that he takes with him from home to school. When he is at school, he will talk about home. When at home, he will talk about school. He is trying to bring the two centers of his activities and interests together.

People are trying to understand the nature of the changes taking place in the child so that home and school can provide what he needs to develop and mature in his own way. Every day each child is becoming the kind of person he will be when an adult. School and home are partners in influencing the growth and development of your child.

and discharged. Hearing was at the office of Justice-of-Peace Melvin. Harry Paul, Philadelphia, was arrested by Chief Kirby, charged with disorderly conduct at the Fairless plant and heard before Justice-of-Peace Melvin. He was found guilty and fined \$25 and costs.

Kamil Bontya, Trenton, N. J., was arrested by Constable Isaac Watson for trespassing in a cucumber patch of King Farms, he was found guilty and fined \$10 and costs.

According to Constable Isaac Watson, King Farms intended to prosecute anyone caught trespassing and picking crops in their fields.

Pearl Strickler, R. D. No. 2 Langhorne, was arrested by Constable Jesse Hibbs, on charge of assault and assault and battery on William Strickler, Jr. At a hearing before Justice Melvin, he was found guilty and placed under \$300 bail until next term of court.

Old-Age Insurance Payments Increase

Continued from Page One

old-age retirement payment of about \$26 a year ago are now receiving about \$48. Minimum payments of \$10 have been doubled. The maximum old-age insurance payment a year ago, about \$45, is now \$68.50. Many families surviving an insured wage-earner now receive the top family payment of \$150 monthly.

"The other factor accounting for the higher amount of payments is the larger number of persons made eligible for insurance protection by the new law," he stated. For August, 1950, payments in Pennsylvania were made to 279,638 persons. The new provisions have boosted the number of aged retired persons, wives, widows, children and dependent parents to 354,726 for the month of August, 1951.

"This increase of benefit amounts is felt throughout the State of Pennsylvania," O'Connor stated. "For instance it is found that approximately \$150,000 monthly is going to persons living in Bucks County, part of which is serviced by the field office located at Trenton."

Ruben R. Blane, Manager, reports that most people are generally aware of their status under the new legislation. "Apparently there is a little misunderstanding of the self-employed obligations under the new program," he stated. "Old-Age and Survivors Insurance is not optional for people who are working for themselves in their own trade or business, or as partners in such enterprises. If you are self-employed and derive as much as \$400 in net profit from your business in 1951, your social security coverage is compulsory. You are invited to visit this office to learn your rights and obligations under the new law. Taxes for the self-employed are not due until March 15, 1952, but it is wise for the self-employed to be aware of their duties before that time."

Communists To Continue Activities

Continued from Page One

many of its "open" activities and devote a major portion of its effort to diverting the support of legitimate organizations and groups to various phases of the party's general program.

The party will seek to accomplish this through subterfuge and intentional misrepresentation.

The label of Communist Party sponsorship will be less and less evident. Mass rallies, protests, official endorsement of political candidates, legislation and general party activities, which in the past have been carried on more or less in the open, will diminish.

This is an expected consequence as the party goes further and further underground.

There are several factors which have brought about this turn in party policy:

The prosecution of party leaders by the United States Department of Justice, the deportation program and the recent legislation designed to curb illegal activities of the party have had a telling effect on the Communists themselves.

From reports reaching the Federal Bureau of Investigation, party policy, as a result of these arrests and prosecutions, calls for, among other things, an increase in clandestine activities patterned after Communist underground operations in France, Germany and the other European countries during the Nazi control.

Another factor which has had an equally important bearing on party policy change is the widespread

public resentment against Communism subversion. Much of the credit for this belongs to the American press which has done a magnificent job in acquainting the public with the truth about Communist perfidy and has made it possible for the every-day citizen to know and understand the real nature of the Communist movement.

An alert press and an informed public are among our most potent weapons against the spread of the Communist virus. Public indignation has made Communist endorsement a "kiss of death" to any movement or program which the party today openly sponsors.

Realizing this fact, the Communists may be expected to adopt other measures to promote their program. Of prime importance among these will be the infiltration of established organizations—not so much with the idea of taking over the groups, but for the purpose of causing them to lend their support to one or more phases of the party's general program.

In order that Communist Party propaganda may be recognized wherever it is encountered and under whatever disguise it might be promoted, it becomes important that all loyal Americans keep themselves informed as to the Communist "party line."

For the past months the core of this Communist "line" in the United States has been "peace." This, of course, follows the general pattern of paralleling whatever "line" is dictated by Moscow. The domestic breed of Communists merely parrots the Moscow pronouncements like an echo bounding from the walls of an empty room.

The obvious purpose is to convey the impression that the words "Communism" and "peace" are synonymous—that no lasting peace can be achieved except in a universally Communist world.

The "line" proclaims that dying American capitalism leads the forces of imperialistic aggression which are sweeping the world into a third world war. The American people are being exhorted to resist "Wall Street enslavement" and to take matters into their own hands.

What the American Communists promote, however, is the communist version of peace. It is not the lasting peace for which the whole civilized world yearns and which comes from an amicable settlement of differences between nations. It calls for the complete surrender and subjugation of all people and nations to the domination of the Soviet.

In promoting this line, the Communist Party, USA, has attempted to relate the "peace" issue to every conceivable aspect of American life and society.

The word "spud" for potatoes comes from an old organization called "Society for the Prevention of Unwholesome Diet."

Bristol Schools to Open Sept. 6th

Continued from Page One

grade pupils who are assigned to the Jefferson avenue school will be considered a part of the junior high school. In past years, these pupils were not given industrial arts nor home economics. Arrangements have been made to offer these subjects to the seventh grade on two afternoons at the high school building. Announcements as to time and lunch on these days will be made on the opening day of school.

On registration day, September 5, pupils need remain only for the time required to register. On September 6 and 7 pupils will remain only during the morning sessions. Wednesday afternoon, September 5, will be devoted to a general faculty meeting in the library of the high school at one o'clock. The afternoons of September 6 and 7 will be devoted to organizational meetings in each building.

The enrollment has been gradually increasing. It is anticipated that there will be an increase of about six per cent. There is no indication of crowded conditions in the elementary grades. In the high school it is believed there will be a pronounced increase in the eleventh grade because of larger classes in the Bristol Township schools.

The following new teachers will be on the staff of the Bristol Public Schools:

Miss Arcenia Guzman will be supervisor of music in the elementary grades, replacing Mrs. Marion Flood, who has resigned. Miss Guzman is a graduate of Temple University, having achieved

superior success as a student, as soloist for the University choirs, and as an efficient and talented accompanist.

Mrs. Ruth (Bernstein) Rump will be sixth grade teacher at the Jefferson avenue school. Mrs. Rump is a graduate of Temple University. She has had opportunities of dealing with younger children as a student.

Mrs. Ada (Harbers) Epting will teach fourth grade at the Jefferson avenue school. Mrs. Epting is a graduate of Bristol high school and Kutztown State Teachers College in 1950. During the 1950-51 school year she substituted in Bensalem township and Bristol borough.

Mr. Joseph Sagolla will be supervisor of physical education in the elementary grades. Mr. Sagolla is a graduate of Bristol high school and of Temple University. He had been director of the Chambersburg Community House in Trenton, N. J., for two years prior to accepting the position in Bristol. He is a veteran of the last war, having served in the army in the Pacific area.

Mr. Bernard R. Hartz will be instructor in the machine and metal shop. He has taught at East Stroudsburg junior high school and has had industrial experience. He is a graduate of East Side high school, Newark, N. J., and of Millersville State Teachers College. Mr. Hartz is a veteran of the last war, serving with the navy for nearly three years and assigned to the aircraft carrier USS Yorktown in the Pacific area. He has strong interests in music and photography.

Mr. Thomas Y. Walsh, Jr., will be instructor in the wood shop. He is a graduate of Trenton high school and of Trenton State Teachers College. He is now studying for his master's degree at Rutgers University. Mr. Walsh played varsity

football at college; he has been a camp instructor in Maine, and he has had industrial experience. During the last war Mr. Walsh served with the Army Air Forces in the Pacific area. He has interests in football, archery, crafts, and model airplane clubs.

Mr. Anthony D'Angelo is transferred from director of elementary physical education to physical education and coaching in the high school, replacing Mr. Harry McClister, who resigned.

Mrs. George Duffy is transferred from Wood street third grade to Bath street kindergarten.

Mrs. Helen Vickers is transferred from Harriman first grade to Wood street third grade.

Miss Bertha Ruth is transferred from Jefferson avenue sixth grade to Wood street fourth grade.

Mrs. Helen VanSant is transferred from Washington street third grade to Bath street fifth grade.

PLAN EVENTS
A peach festival for August 30th, a card party for Sept. 19th, and a fashion show for next month, were planned by members of St. Ann's A. A. Ladies Auxiliary when they met Tuesday evening in the club house. Mrs. Daniel DiLorenzo presided. Committee reports were heard. Mrs. Joseph Giampetrio reported on the festival plans, when music will also feature. The card party refreshments will be in charge of Mrs. Alfred Mazzanti. The fashion show will be Sept. 6th in the Travel Club home, the theme being "Honey-moon in Paris." Mrs. Lee Conti served peaches, whipped cream, cake and iced tea.

Some "eye-opening" facts for every American motorist:

Torture tests prove Kaiser

"Best on the road!"

Kaiser survives rugged test other cars fail

We have a machine here at Willow Run that actually breaks cars to pieces—to help us make better cars for you!

We call it a tensiometer machine, and we use it to torture new cars—Kaisers and other makes, too—hour after hour, until they literally break apart.

That way we measure exactly how much punishment various makes can take. And I'm proud to tell you that

no make we've tested yet has been able to take as much punishment as the Kaiser!

That's why even the "earliest" of the 600,000 Kaiser cars now on the road look newer and act newer than many "present day" cars! Better engineering and quality building is your assurance that the 1951 Kaiser you buy today will still be new years from now!

1951 Kaiser Deluxe 4-Door Sedan. One of 6 body styles, 12 models. Hydra-Matic Drive available in all models at extra cost.

More "eye-opening" reasons why you ought to own the 1951 Kaiser today!

Kaiser styling is better styling!
Yes, even our competitors admit the '51 Kaiser is 1951's most beautiful car! And it's officially confirmed! Kaiser has just won its second World's Beauty Prize!

Kaiser comfort is greater comfort!
You can't sit five minutes in a Kaiser without discovering it's years ahead of other cars in riding luxury. It has the lowest center of gravity of any car today—plus airplane-type shock absorbers that literally let it float down the road like a shadow!

Kaiser vision is wider vision!
One look—and you'll be convinced Kaiser has the largest glass area of any four-door sedan—plus the narrowest corner posts. A vision-engineering combination that is a new discovery in pleasure and safety!

Kaiser safety is greater safety!
You're safer in your Kaiser because Kaiser has bigger brakes than most cars. And as an extra protection, for your front seat passengers, Kaiser gives you the famous Safety-Cushion Padded Instrument Panel!

Kaiser power is thrifter power!
You get better all-around economy with Kaiser's High-Torque Supersonic Engine! It uses less oil, needs less upkeep because of its longer-lasting Flash Chrome rings, 100% counterbalanced crankshaft, engine-cooling full-length water jackets!

That's why Kaiser value is better value!
See for a demonstration—see for yourself what a better buy Kaiser is today! Your Kaiser-Frazer dealer will open your eyes to better value!

SECOND WARD ELIMINATED BY KAISER METAL

Second Ward, 1950 champions, was eliminated from the playoffs of the Bristol Suburban League last evening by a fast-stepping Kaiser Metal Products team. Final score was 6-1 with a large crowd watching the performance on Memorial Park softball field.

It was the chucking of Paul Paolillo which was responsible for the Kaisermen victory. Paolillo was nipped for a run in the first inning but for the next six frames handed the Warders goose-eggs. Paolillo did a fine job of pitching himself out of difficulties. He had a runner on in the second, two in the third, two in the fourth, two in the fifth, two more in the sixth, and one in the seventh. Yet, Second Ward failed to push any of the runners across.

Paolillo was wild in giving up six walks and three errors did not help him but his uncanny style of getting out of the tight spots earned him the victory. A single by Gene Barbetta, an error, and a hit by Sammy Sottile gave Second Ward its lone tally.

"Chick" Stansky, who chalked up 15 wins for Second Ward, during the regular season, was the losing hurler. Stansky allowed eight hits, including a home run by Joey Dugan in the top of the third inning. Three of the other seven blows were for extra bases with Charlie Simmons having a pair of doubles, and Bill Stockton, a triple.

Kaiser scored four runs in the second frame on walks to Tony Biancosino and Tony Capello, a single by Joe Ciaella, and a three-bagger from the bat of Stockton. Dugan's home run accounted for the run in the third while the final marker was chalked up in the fifth on Stockton's single, a passed ball, and Simmons' second double of the game.

This evening on Memorial Park softball field, the semi-finals will get under way with Fifth Ward meeting Kaiser Metal in the best of a three-game series.

MANHATTAN IN UPSET DEFEATS HUNTER-WILSON

Manhattan Soap scored an upset in the semi-finals of the Bristol Industrial Softball League last evening as it beat the Hunter-Wilson team, 8-3, in the first game of a three-game series. This evening in another semi-final match, Rohm & Haas will play Leedoms.

Gallagher held the distillery workers to eight hits in pitching the soap-makers to the triumph. The winners had nine hits off Spike Naylor.

Manhattan scored four runs in the second on a walk to Valponi, singles by Jeffries and Paolella, a fielder's choice and two-bagger from the bat of Lewis. It scored another in the fifth on a walk to Kratz and triple by Gallagher. The final trio of markers were made on hits by Spinelli and Kratz, a walk to Lewis, and two infield outs.

Stephens' single, a pass to Scerba, and Davies' hit gave Hunter-Wilson a run in the third while the final pair game in the last canto as Naylor, Hughes, and Gotwald singled and Duffy plastered a two-base hit.

preparations on the enemy's capabilities not on the enemy's intentions, expressed or otherwise. In messages to the Reds, Ridgway has made it clear he does not trust their words but makes his plans on the basis of the enemy's deeds.

In addition to mentioning at length the alleged Kaesong bombing, the Red note in answer to Ridgway's Saturday offer to resume the armistice parley, charged that South Korean troops were responsible for the ambush killing of a Chinese platoon leader on August 29th.

The Red leaders asked of Ridgway: "Can you deny they (the South Koreans) were connected overtly or covertly with the headquarters of the South Korean troops?"

The message also asked: "Is it possible that the aircraft of the night of August 22 was also an irregular aircraft of South Korea?"

The Red note went on to demand that the UN take responsibility for the alleged bombing in an obvious attempt to switch the blame for breaking off the cease-fire talks.

The note stated: "And your attitude regarding the affair is such a distortion of fact... and such a self-contradiction that it is very hard to make people believe that your aim is not one of manufacturing incidents and undermining the negotiations, while at the same time avoiding the responsibility for breaking off the negotiations."

"But the responsibility will never fall upon us because our attitude has always been realistic, fair and reasonable so as to guarantee the carrying on of the armistice negotiations."

"Only when your military aircraft violated the neutral zone with our delegation as its target, attempting to murder them, was our delegation compelled to suspend the meeting and wait for your side to take responsible action about the incidents."

The Red answer to Ridgway left the question of when the talks will be resumed entirely up in the air. At Lake Success and in Washington diplomatic sources predicted the Reds may not make a move to resume the parley until after the Japanese peace treaty conference begins in San Francisco, September 4.

In his statement to the Reds Saturday, Ridgway asserted that the Kaesong bombing charges were

so utterly false, so preposterous and so obviously manufactured for your own questionable purposes, it does not merit a reply."

Ridgway said that investigation by UN officers showed that only a small area of earth was scorched by the so-called "bomb" and alleged bomb splinters could not have come from a UN type missile.

In a broadcast early Tuesday morning, Peiping radio quoted General Nam Il, the chief Red truce delegate, as saying the "appearance of Kaesong" has changed since the incident.

The broadcast said: "All Kaesong residents personally saw or heard the bombing and strafing and they will serve in varying degrees as eyewitnesses of the incident. Since the Aug. 22 incident the residents of Kaesong have begun to build air raid shelters in great haste or to move out of the city August 22 incident has in fact changed the appearance of Kaesong City."

of cooperation of school boards in each reorganized area.

If Pennsbury had not been created, a site for a new high school purchased, and a new high school planned, it would not have been possible to open in October a new Junior-Senior High School accommodating over 500 pupils. Since large scale housing has been undertaken in this area, it is possible that by the 1952-53 term, this new building may be housing a high school on half-session.

Special legislation sought by school districts in Lower Bucks County at this session of the legislature, is expected to make it possible for the school boards in that section to undertake the necessary school building construction to prevent the introduction of triple sessions, a new arrangement heretofore never tried in Pennsylvania.
